

RS Series Remote Shade Assemblies

RSA-Acrylic Prismatic JLC-RSA

RSA-5-ND22W

The RSA5-5-ND22W shall be supplied with a 22" diameter white reflector that attaches to the mounting wire guard with four stainless steel clips and hinge. The wire guard shall be constructed in a way to prevent tennis balls from resting on top of the fixture. The assembly shall have a 3/4" NPT thread on the junction box for mounting to conduit or standard hook. The assembly is to be used with a mogul base HID lamp in the base up position. do not use with BT-28 size lamps. The RSA5-5-ND22W must be used in conjunction with either the RJ or RC Series remote ballast.

Remote Shade Assembly

Available with eleven different reflector options. The RSA3 attaches to standard ceiling mounted 4" octagon j-box. The RSA4 & RSA5 comes standard with the reflector, junction box, mounting hook with safety spring clip and 5 feet of SOW16/3 cord.

RSA3 - 400W Max

RSA4- 450W Max

RSA5- 750 & 100W

Optical

Adapts to all high bay and low bay reflector assemblies including all optical accessories.

Ballast

The remote electronic, magnetic extruded aluminum and magnetic cast aluminum housing are available.
