Triple (SPB34)

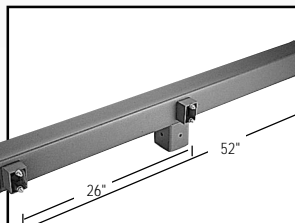

180° Quad (SPB44180)

90° Quad (SPB4490)

Twin Side Mount (SSB24)

Triple Side Mount (SSB34)

Dual Mount Square Series Square Internal Mount and 2-3/8" Tenon Mount

This patented unique feature allows you to use all square series mounting options on square poles with or without 2-3/8" tenon.

SPB Series

The SPB Series is designed for use with the MA3 2" adjustable slip fitter. The tenon diameter is 2-3/8". All brackets are finished in bronze acrylic powder coating for long life. All tenons are spaced 26" apart.

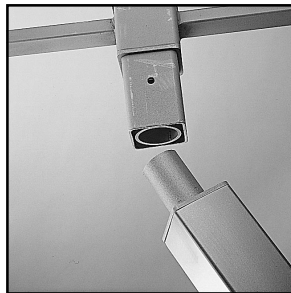

SSB Series – In Line Mount

The SSB Series has the same features as the SPB Series and comes standard with the 1-1/2" close mount arm for side mounting the 12", 16" and 23" fixtures.

Finish

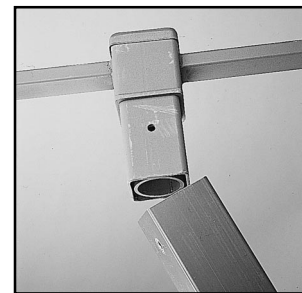

All brackets are finished with an acrylic bronze powder coating for longer life.

2-3/8" Tenon Mount

Patent # 6,116,556

Square Internal Mount

Patent # 6,116,556
